

eSpring®  CLEAN WATER IS LIFE

## Give Your Family Clean Water

*When you hold up a glass of drinking water, it looks clean and fresh. But unfiltered water pouring from your kitchen faucet could contain potentially harmful health-effect contaminants that are too small to see.*

*Ensure the quality of the water you and your family are drinking. Choose the eSpring® UV Water Purifier and be confident that the tap water in your home is always clean, fresh, and clear.*

## Pure Performance

The eSpring® UV Water Purifier not only improves water's taste, odor, and clarity, it effectively reduces health-effect contaminants that may be in your family's drinking water.

More than 140 other potential health-effect contaminants, including many pesticides and industrial chemicals including:

- Lead, mercury, the gasoline additive MTBE, and 13 disinfectant byproducts such as TTHM (total trihalomethanes)
- Particulates down to 0.2 microns (asbestos, sediment, dirt, and scale)
- Radon and radon decay byproducts
- Waterborne parasites larger than 3 to 4 microns
- The pharmaceuticals atenolol and ethinyl estradiol (17-alpha ethinyl estradiol)

eSpring® UV Water Purifier Certifications:

eSpring® water treatment systems have earned the Water Quality Association's Gold Seal for superior consumer water treatment products.

NSF International is an independent, nonprofit organization that provides services such as standards development and product certification for public health and the environment. The eSpring® UV Water Purifier is tested and certified by NSF International to NSF/ANSI Standard Nos. 42, 53, CSA B483.1, and 55B.

The ETL Listed Mark is proof of product compliance to North American electrical safety standards. The eSpring® UV Water Purifier conforms to UL Standard 60335-1 and CAN/CSA-IEC-E60335-1.

### Did you know ...

The Amway Water Treatment System was the first in-home system tested and certified by NSF International to meet standards for aesthetic and health effects?

## Pure Innovation

### Ultraviolet Light Technology

*Effectively destroys microorganisms in drinking water without the use of chemicals.*

The eSpring® UV Water Purifier features a UV bulb in the center of its cartridge. The UV bulb emits up to 80 millijoules of ultraviolet light, enough to effectively destroy more than 99.9999% of bacteria, 99.99% of viruses, and 99.95% of protozoan cysts, like cryptosporidium and giardia.

### Monitor Technology

*Offers the ultimate convenience of electronic monitoring, so you don't have to guess when the filter cartridge needs to be replaced.*

The eSpring® UV Water Purifier features smart-chip technology that monitors filter usage and provides you with audio and visual indications of when it's time to replace the filter cartridge. You'll always know your water is receiving the full benefit of your eSpring® UV Water Purifier.

**eSpring®**

eSpring® is the **World's No. 1** selling brand of home water treatment systems.\*

\*Based on a Verify Markets study of 2013 global sales.

## What's in Your Water?

Just because the water coming from your home's kitchen tap looks, smells, and even tastes good to drink doesn't mean that it always is. Both well and city water supplies may still contain contaminants by a variety of chemicals and microorganisms.

eSpring® is the world's largest-selling brand of kitchen water treatment systems.\*

In addition to dramatically improving taste, odor, and clarity, the eSpring® UV Water Purifier effectively reduces more than 140 potential health-effect contaminants that may be present in drinking water. No other NSF-certified system is documented to effectively reduce as wide a range of contaminants.\*\*

Let the eSpring® UV Water Purifier be a protective barrier against this concern for you and your family. To order or learn more, contact your Amway Independent Business Owner or visit [Amway.com/Amway.ca](http://Amway.com/Amway.ca).

\*Based on a Verify Markets study of 2013 global sales.

\*\*Based on 2014 NSF Certifications and categorical contaminants identified in NSF/ANSI Standard 55B.
